Modern services with old-fashioned concern.

March 3, 2000

Dear Coastsides,

I am writing to you to tell you how much we love & appreciate Sea Jerky. Not only do we love it, but our patients do as well. We made our first order in July of 1999 and since that date we have sold over 300 packages!!! The customer compliance has to be near 100%, because of the affordability, the dramatic improvement once their pet has been on Sea Jerky, and also because dogs love the taste.

We have had many clients say that their pet will start begging for the treat around the time it is due and will not leave them alone until they get it! We love that! Many clients have now switched from products like Pain Free & Cosequin to Sea Jerky and say that it seems to work better.

We recommend Sea Jerky to everyone that will stand still long enough to hear it, and we have not had one person who bought it bring it back with ANY complaints! We have also had many clients who have been able to decrease their usage of Rimadyl & Etogesic because of the improvement that their pet has had since being on Sea Jerky.

Thank you so much for making this wonderful products. Our doctors, staff, clients, and patients all love it greatly. There is nothing better than making a pet feel better and have less pain, and when you can do it and have the dog enjoy the treatment as well, you know you have found something wonderful! Keep up the good work!

Sincerely,

The Doctors & Staff of Lewiston Veterinary Clinic
